# SOBER DRIVER PROGRAM

**FOR REPEAT AND HIGH RISK DRINK DRIVERS**

The Sober Driver Program is a therapeutic group program that specialises in changing the attitudes and behaviours of repeat and high risk drink drivers.

[www.soberdriverprogram.nsw.gov.au](http://www.soberdriverprogram.nsw.gov.au)

### **WHO IS THE SOBER DRIVER PROGRAM FOR?**

You are eligible for the Sober Driver Program as delivered by Corrective Services NSW if you are subject to an order with Community Corrections and have been convicted of two or more drink drive offences within five years.

You may be eligible for the program if you have been convicted of a single serious drink drive offence or two or more drink drive offences within ten years, subject to an assessment by Community Corrections NSW.

### **WHY SHOULD I COMPLETE THE SOBER DRIVER PROGRAM?**

Research has shown that if you complete the Sober Driver Program, you are much less likely to commit another drink driving offence.

The Sober Driver Program will help you to:

- understand the effects and costs of drink driving to yourself and others;
- understand the events and decisions that led to your offence;
- create and use strategies to avoid offending in the future; and
- develop skills and positive attitudes for safe driving.

### **IS THERE A COST?**

There is no cost to participants of the Sober Driver Program delivered by Corrective Services NSW.

### **HOW LONG IS THE PROGRAM?**

The Sober Driver Program includes 18 hours of group work plus two hours of take home tasks, totalling 20 hours.

It is delivered as:

- one 6 hour session per week for three weeks; or
- one 2 hour session per week for nine weeks.

Programs are regularly scheduled on weekends or weekday evenings.

### **NEED MORE INFORMATION?**

Community Corrections Officers can assess your eligibility for the NSW Sober Driver Program and provide advice on available dates and locations.

For more information on the Sober Driver Program or to find your local Community Corrections Office, go to
